Performance You Need

BLOWER-TECH SOLUTIONS IS YOUR COST-SAVING SOLUTION FOR KEEPING EQUIPMENT ON-TRACK LONGER.

For approximately 45% of the cost of a new blower, we can conduct a complete overhaul which will give you a minimum of 80-85% efficiency as compared to buying new. The savings can amount to several thousands of dollars depending on the size of the blower.

A BTS OVERHAUL INCLUDES:

- All bearings, seals, ring holders, seal ring bushings & rings replaced
- Rotors inspected, welded & machined to their original sizes for a proper clearance fit
- End-plates re-machined as required
- Sandblasting
- Fresh coat of paint

TO MINIMIZE DOWNTIME AND MAXIMIZE YOUR EQUIPMENT'S EFFICIENCY, WE OFFER BLOWER REPAIRS AND MAINTENANCE ON ALL MAKES AND MODELS.

BLOWER-TECH SOLUTIONS has a fully equipped machine and installation shop on-site and offers an extensive inventory of spare parts for most blower manufacturers as well as genuine parts for VMS Blowers.

EXCHANGE UNITS ARE ALSO AVAILABLE TO KEEP YOUR BUSINESS MOVING
